Algoma Central Corporation would like to acknowledge

The crew of the *Algoway*

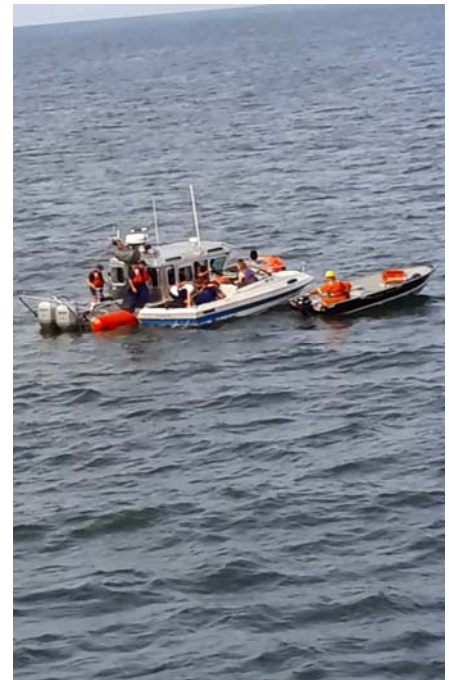

for demonstrating Algoma's Core Value of "Responsibility".

On August 14th, the crew of the *Algoway* spotted and reported a pleasure craft and its occupants in distress in waters off Lorain Ohio.

The situation was reported to the USCG and the crew of the *Algoway* commenced rescue and recovery procedures by launching the workboat with three crew (1st and 3rd mates along with one of their most experienced boat operators) along with their trauma kit, defibrillator and oxygen kit.

The *Algoway* was maneuvered to windward of the stricken craft to provide a lee for the occupants of the boat and the crew assisting. With the USCG on scene the occupants of the pleasure craft were rescued and the body of a fifth member recovered from the water.

The entire crew of the *Algoway* are commended for their quick thinking and skilled response in dealing with this unfortunate situation and their actions were instrumental in the rescue of four lives.

**Don't Hurt Anyone, Don't Spill Anything,
Don't Damage Anything**
